Push Button Controller

ELECTRICAL REQUIREMENTS

Rigging motor lifting at 20 feet per minute*

Weight	Hp	480V	208V
500	.5	1A	2A
1000	.75	1.5A	3A
1500	1.0	2A	4A
2000	1.5	3A	6A
2500	2	4A	8A

~Total power feed required = (number of motors)X(amps per motor) = 3 Phase power required

*** Other speed options available**

Ex: 4 motor system would have 22 #16-gage wires.
