

Theatrical stage equipment that stands behind a professional performance

Position: Installation Supervisor/Crew Chief

Level : Experienced

Reports to: Director of Project Management, NE office

Pay Grade: Starting \$45/hr (Commensurate With Experience)

Texas Scenic Co. seeks motivated full-time field installation supervisor for theatrical installation projects in the NYC Metro area and as needed worldwide. Position based in NYC. Qualified applicants will have strong communication and problem solving skills, along with strong commitment to safety and commitment to a quality finished project installation.

Willingness to travel, theatrical rigging experience, drivers license, and basic computer skills (word, excel) are required.

Candidates must be able to lift 50 pounds and be comfortable at heights. Installation supervisors work along side local crews and are expected to be "hands-on" due to the specialized nature of our work.

Primary duties include but are not limited to:

- Work collaboratively with the Project Manager before and during installations to prepare tool lists, and to address field questions, coordination, additional work orders, etc..
- Maintain daily log of job site work, time sheets, expense reports, work tickets, and material purchased in the field
- Coordinate with the project jobsite's superintendent / GC and other building trades to coordinate on site work sequences daily to maintain project workflow.
- Perform detailed layout for installations using site benchmarks and survey marks and mark-up in detail all field revisions and modifications to install drawings for Project Manager to prepare As-Built drawings
- Have knowledge of and be responsible for all tools and equipment supplied for use during installation
- Maintain appropriate crew size in field, arrange for any layoffs with Payroll and coordinate with Union representatives on site for smooth work flow or any added labor requirements.
- Enforce all TSC and jobsite safety standards for PPE and site behavior
- Act as on-site Competent Person as assigned and train local labor on TSC standards, safety protocols and jobsite safety requirements

Minimum Qualifications:

- High school degree or equivalent and 5 years of supervisory Theatrical industry experience OR
- Bachelors degree and 1-3 years of Theatrical industry experience OR
- Masters degree in Technical Theater (or Construction Management field, with relevant theatrical experience)
- Driver's License (required)

Texas Scenic Company is a full-service theatrical equipment company and theatrical systems integrator with offices in San Antonio and New York City. For eight decades, Texas Scenic has been designing, manufacturing and installing stage, studio and theatrical equipment for the entertainment industry. We manufacture and install stage curtains, counterweight and motorized rigging systems, theatrical lighting, dimming and control equipment, a complete line of expendables and hardware, as well as custom theatrical equipment.
